Dear Chris,

Commerce Road Phase 1 Sketch Proposals Consultation.

Thank you for bringing your design team to the BCC meeting last night to share your emerging thoughts for phase 1 of the development.

In order to look more carefully at your proposals we have formed a sub committee of 11 BCC members who will record their views.

It would be helpful if you can send us the following information on line so that it can be forwarded to members:

The names/details of the design team.
The documents submitted for the outline application including SD4 (Design and Access) and SD2 (Place Making Principles)
Sketch Drawings/plans at all levels/elevations/schedules etc of phase 1.

I am copying this letter to the sub-committee members who are asked to:

Visit the site with the drawings
Check on the officers' report to SDC recommending the outline scheme
Check the BCC adopted views on the outline.

Note that ALL COMMENTS must reach me ONE WEEK after we receive the information from Isis.

Please let me know if there are any other matters we should resolve now.

Yours sincerely

cc all sub committee members

Denis Browne
