Dear Councillor O'Reilly,

Sustainable Development Committee Meeting of 16th September

Members of the Brentford Community Council attended this meeting to observe the debate on the application at Kew Bridge Road (Scottish Widows Site). We were disappointed to note;

- That as a matter of policy the most important matter on the agenda, and for which the majority of the public were attending, was discussed last
- That when a motion to reject was proposed by Councillor Lynch, no opportunity was given to second this or vote on it
- That the continuing debate was rushed because of lack of time
- That the application appeared to have been deferred as much to enable the meeting to conclude at 10.30 pm as in expectation that any negotiated alterations to the plans would result in an acceptable scheme.

We politely request that the policy on considering applications of this importance last be reconsidered, and that adequate time for a full discussion be allowed in future.

Yours sincerely

Denis Browne
Chairman, of the Planning Consultative Committee
