

# A new bridge for Brentford...

The campaign has started for a new pedestrian and cycle bridge from Ferry Quays, Brentford, to Kew. The bridge has growing support from many quarters and will create a direct link from Brentford to Kew Gardens and the Thames Path to Richmond and beyond, linking green spaces, leisure facilities and heritage sites benefiting communities on both sides of the river.

Come and find out more, and let us know what you think!

**Drop-in consultation:**
