

All involved in Change Over to
Planning Applications on Line.

Dear All,

Planning Applications on Line.

At the time of the last IBAC committee Myfanwy met representatives of the Isleworth Society and the Brentford Community Council who were having problems with the new process for dealing with "on line" planning applications.

The same evening Michael Jordan reported on the issue to members of the Isleworth and Brentford Area Committee.

The society members asked for a record of their meeting and for the adoption of a procedure to record and monitor progress.

Members of the Area Committee had also asked to be informed of progress.

In order to promote these objective I have prepared an amended text of the "note" Myfanwy made of the meeting. The attached paper, BCC 459, shows her original text and the version I request should be used as a basis for future management.

Omissions are shown **(in brackets)** additions *in italic.*

I hope the officers can agree a procedure based on these discussions which can be quickly defined and adopted and that the Societies can receive advice on how they can contribute to the smooth running of the new system.

Yours sincerely

Denis Browne
Chairman, Planning Consultative Committee
Brentford Community Council.
