Dear Mr Whiteway,

**Proposed Development John Busch House
(BCC 551 refers)**

Thank you for your letter dated October 25th 2011.

I think you may be under a misapprehension about the function of the Brentford Community Council.

This organisation was set up by Hounslow Council in 1989, and although it is now independent it works to its original constitution. The function of the Planning Consultative Committee is to comment on significant policy documents and applications affecting this area. The membership presently includes Engineers, Planners, Architects IT experts who are all residents. Over the last 22 years the BCC has contributed input into many decisions including 3 UDPs the BAAP over 500 applications and more than 20 inquiries.

Reverting to our comments on your scheme we are pleased to hear that you are looking into the merits of the alternative we suggested and we look forward to hearing what amendments you propose to your current scheme.

When these have been reviewed we would be pleased to reconsider the comments made in BCC 551. However, a copy of that letter was sent to the Council officers who are clearly aware that if an application is lodged for an unaltered design the objections set out there would apply.

Yours sincerely
