Shane Baker
Environment Department

Dear Shane,

Planning Application 4 BR House North Road

The BCC has previously written to objecting to the proposals to build additional flats within or in front of the existing chapel in North Road.

We have now received drawings for a 4 BR 2 car house to the north of the Chapel.

The Planning Consultative Committee wishes to support this application in principle and requests that you negotiate those changes in design which will make it fit in with the adjacent terraces. We feel confident that this can be achieved and we welcome the proposal to build any larger units in our area.

Yours sincerely

Denis Browne
Chairman, Planning Consultative Committee
BCC
