#### **Chairman's Notes.**

**3. Reynard Mills** Nottinghill have been advised of the need for education sites so BCC comments should deal with strategic land use and the quality of their pre- application design.

**4.** The 75@ increase in Hounslow housing target will also need land for p.o.s., education, etc if it is to be sustainable. What is the capacity of Brentford for a sustainable population expansion?

**5.** Should AGM be on April 24 or at a special meeting?

Latest advice is that A4 character areas will be available early March for 6 weeks consultation period.

**7.** The Chamber were chosen to lead joint response + meeting with Brendon Walsh. Suzie invited to update us.

**8** Mayor still to decide on application.

**9.** Butts AGM in February.
