Subject: Highways in Brentford

Dear Patricia Charleton,

I have been asked to write to you on behalf of the Brentford Community Council, which is the amenity society covering this part of Hounslow.

We understand that Hounslow Council are awaiting your assessment of the traffic issues connected with the Ballymore application for The South side of the High Street in Brentford and that they do not know when that work will be completed.

Can you advise me whether TfL are satisfied that this proposal and others, including the approved

Lionel Road Stadium, and the proposed segregated cycle route and other developments envisaged in the emerging Local Plan, can be properly serviced by the existing highway network.

Sincerely

Denis Browne
Chairman, Planning Consultative Committee
Brentford Community Council
