3. An application for a 2 floor conversion of the chapel was supported by BCC but not built. An application for 11 floor tower was condemned by BCC in 2008.
4. Ballymore invited some of us to meet on site recently and then to view a scheme of theirs and schemes on the Thames. General reaction was to re-emphasise the need for low rise and varied design at Brentford. Notes from Ballymore expected in September.
5. Shane Baker (8583 4899) has now taken Marilyn Smith's post as Manager for east Brentford development control. He may be able to confirm whether Scottish Widows will go to SDC on Sept 16 and whether it will have a recommendation for refusal (no affordable housing + other reasons?)
6. Albany House. Assael did not amend design after pre-apps meeting with us.
7. Please go to Gunnersbury in August to see options. BCC should give a view and possibly relate it to school land problem. We have invited Mr Charles Everard (responsible for Hounslow School sites)
8. Nigel attended meeting with Isis + Paul Velluet and can report. Chris Breslin may attend.
9. I hope to sort out procedure with Hounslow and report.
10. Matthew has details of local applications + drawings.
