Denis,

I note your comments on the Great West Corridor Opportunity Area. As I am sure you are aware, the public consultation on the Draft Great West Local Plan Review will take place in early 2019. You will be notified directly of this consultation and recommend you engage with that process providing those comments, and any others you have directly to the consultation process.

Business Improvement Districts have been seen to help struggling retail areas in the past and there are benefits for Brentford. There has been good feedback from independent businesses in Brentford regarding a possible future BID and a positive response to the Council undertaking the feasibility work.

In relation to the CS9 proposals, the next TfL round of consultation is likely to be in January.

We understand the importance of the Ballymore scheme for the Brentford Community. The necessary land deals have now been concluded and we are keen to see development to now come forward. We are working with Ballymore during the early phases of the regeneration to provide clear communication and support to the business on the south side of the High Street.

Best wishes
