

To the Leader of the Council

Ref: BCC 512 dmb
28. 05. 2010

Dear Sir,

**“Brentford’s Little Venice” Councillor
Call for Action on Moorings at Waterman’Park.**

The Brentford Community Council met last night and received a request from a number of residents living on the boats at Waterman’s Park that we should consider this report and write to you as Chairman of the Executive Committee with our considered views.

The BCC has resolved to consider their own views on this report at their next meeting on June 24th and to request you do not to make any decisions before then which could irrevocably affect local residents living in Brentford or in residential boats.

We will write to you with our comments on your report immediately after June 24th and I hope that you will take these into consideration when you reach your own conclusions.

Yours faithfully

Denis M Browne
Chairman, Planning Consultative Committee
Brentford Community Council.
