Dear Marilyn and Robert,

Planning Applications in Brentford: Views of The Planning Consultative Committee BCC.

The Committee met last Thursday night and adopted the following views which I have been asked to send to you. Please will you include them in your reports to your members.

Wallis House Amendments.

We have considered the alterations to the design and configuration of the buildings and do not object to these proposals. We understand that the developer may wish to further alter the design of the upper part of the tower and we would wish to be consulted as our pre-application discussions with the developer suggested a revision which was not then acceptable to us. (BCC 396 refers)

We regret the increased underground parking proposed and would only support it if there is no risk of increased congestion bearing in mind other developments on the A4. If additional parking is agreed we would ask that the Council secure substantial S106 monies to improve the H91 bus service.

No 2 Kew Bridge Road. We are pleased to note this application has been withdrawn.

Alfa Laval. We have sent you comments under separate cover objecting to the revised scheme.

Albany House. We wrote to you (BCC 388 attached for easy reference) asking you to refuse this application. We have now considered the revised scheme which we consider does not meet the fundamental objection to the original proposals and we request that you also refuse this application.

Grand Union Canal, Gallows Bridge. No objection.

No 15 Grosvenor Road. Roof extensions. No objection.

Syon Park Marquee May/Sept 08. No objection to marquee in principle, but object to siting it next to the approach to Syon House, a Grade 1 listed building which should not be cluttered up with temporary structures. (Copy to Conservation Officer)

Yours sincerely

Denis Browne
Chairman, Planning Consultative Committee.
BCC.
