Dear Natalie,

Last year I wrote to you on behalf of the Brentford Community Council to support the views expressed by Mrs Hazel Dakers.

I have now been advised that Cllr Guy Lambert has told Mrs Dakers that a new application has been made and that the 21 day consultation period had already started when he got in touch.

Despite having written to you on this issue before, the BCC was not informed there was a new application. I would be grateful if you can advise the person sending out these notices of the continuing interest of the BCC in the preservation of this important listed building.

I have now seen Mrs Dakers recent letter to you and I can confirm that the BCC fully supports the view she has again expressed.

Sarah Trimmer Hall is an important landmark and commemorates the work of an exceptional Brentford woman.

Please will you advise Historic England that this is a listed building at risk and please will you advise us of the measures our council is taking to protect it.

Sincerely

Denis Browne
