Dear Mr Browne (Representative of Brentford Community Council),

My name is Florian and I work in the Traffic Team at the London Borough of Hounslow.

As you may be aware, the London Borough of Hounslow has committed to making 20mph the default speed limit on all its residential roads and some main roads that have high pedestrian footfalls. The aim of the speed limit scheme is to improve road safety by reducing speeds; this will create a safer environment for members of the public living and visiting these areas.

I am sending you this email regarding the introduction of a 20mph speed limit in Brentford area - between Syon Lane and Commerce Road.

We have completed designs of the signage and road markings for a 20mph scheme in this area, and the designs are attached to this email. We are aiming to have the limits implemented later this year.

Drivers are alerted to the speed limit change with signs and/or road markings (i.e: "20mph - Zone Entry" signs and "20mph - repeater signs" on the ground or attached to posts or lamp columns). Whenever it was possible I looked to affix signage to existing lamp columns or posts to minimise street clutter.

The plans will be going out to formal consultation in due course where formal comments will be welcomed. Please could you feedback any comments you have on the plans by **4 weeks from date of email**.

Please do not hesitate to contact me if you require any further information.

Thank you in advance.

Kind regards,

**Florian Naejus - Graduate Transport Projects Officer – Capital Projects**
