Dear Mr Gopal,

### **Pedestrian Area: The Butts, Brentford.**

I refer to my letter to you dated March 31 2008 (ref BCC 416) and to our telephone conversation last week, when you indicated that no progress had yet been made on this issue.

The position was reported to the Planning Consultative Committee of the Brentford Community Council last Thursday. They expressed regret that this matter, which was specifically brought to the Council's attention at the time the two proposed houses in Market Place/the Butts were going through planning had not yet been resolved.

Not only was the issue raised last year when the applications were first considered, but this year the Area Planning Committee specifically resolved not to remove condition 15 of the planning consent to ensure that vehicular access was not permitted to the proposed houses within the pedestrian area.

The next meeting of the BCC Planning Committee will be on June 5 and I would be grateful if you can ensure that measures to restrict vehicular access in the pedestrian area of the Butts are in place before then and that you send me a reply to my letters to confirm this action.

Yours sincerely

Denis Browne
